

1.1.38

a Lesson in the University of The New Covenant

Theodore Cottingham, June 18, 2003

www.NewCovenant.me

1. Come alive and be not depressed. Come alive and be not confused and tossed to and fro between the things of the worlds, the kingdoms of darkness and light. Come alive in Me sayeth God, and I will cause light to come upon your confusion and circumstances and activities you are in so you know how to do what I want done next, on the way to taking you to true life—abundant life in Me.
2. Come alive, come alive, come alive in Me. Nothing else. Nothing else will teach you and train you and be with you 24 hours a day to nurture you and talk with you and bring peace, comfort, and direction, to you, in you. Nothing else can compare. Why do you seek so intently to assuage feelings of inferiority and insecurity by means which cover up what only I can satisfy.
3. Come alive, come alive, come alive in Me and let Me be Me in you. All of you, all of you, all of you, alive, not dead, not drowning in sorrow and loneliness and activity which muddles your vision to see Me and My design for your life, for your family, for your future, for your finances.
4. This Ted, is your message—more and more—so clearly I am giving you your message for My people who are in park, standing still, and most don't even have their motor running. They're in park and just watching life go by, day by day, pursuing money and success and status, just like those who don't know Me, blinded by the satanic forces of evil, constricted in little compartmental worlds with no synergy and precious few relationships.
5. Ted, I am life and I have life and I want My people to come to life and step up to the plate of the game they are in with confidence in Me and who I am, and that I can use them where they are, right where they are, right where they are now Ted, even in seemingly terrible circumstances. I can use them right where they are, to touch Me, to touch others, and begin to come alive to Me and My design for them, and abundant fulfilling relationships that nourish them, and proclaim what I want to proclaim and produce what I want to produce, grow what I want grown, reproduce what I want reproduced, so that all will grow, grow, grow and advance and mature—generationally Ted, generationally, generationally—Ted, globally and generationally—relationally, nurturing each other and the gifts I've given all of them, in freedom and power and love and majesty and splendor and Ted, power—dominance, dominance, dominance.
6. I'm tired of My people being relegated to insignificance in fields important to Me and what I'm doing. **I am significancing My people**—My people that will come to Me in humility and surrender their traditions and assumptions of who I am and how I operate and let Me reveal Myself to them directly Ted. I will significance them and life will come forth in measure and come alive they will, in manner not seen previously.

7. Cataclysmic change, cataclysmic change for the common denominated man and woman to come alive in Me, in clarity and confusionless roles that were dominated previously by those dead to Me.
8. Come alive and bring to life all who will listen to My son, My son, you, My son, My friend, to know and operate in My Son, in power and dominance and timidity not.
9. **Confusion has reigned where humility was mistaken for timidity, shyness and insecurity. Ted, this must end.** Tell My people to stand up, stand up, stand up and lead forth in the life I am calling them to, to come alive in Me and live life and be not controlled and dominated any longer by forces not of Me. Ted, freedom, come alive in freedom, freedom them and let them know how much they must operate in freedom and give freedom and teach freedom to keep their freedom.
10. Freedom does not live in isolation but in community with Me and I want My community of believers, My people, to come alive and soak up My presence so they can be washed totally clean of the forces which destroy and minimize and restrain and constrict and choke and hold back and rob the living life from My creation, My people.
11. Oh Ted, I have so much. I am so much. Oh to let Me be Me. Oh to bring people to My fountain and let them drink of Me where I heal their wounds, I salve their rejection, I come in, I come in, I come IN Ted, to sup with them, if they'll come sup with Me. I come in and I heal from the inside out, not vice versa.
12. So many want Me to heal from the outside in, and give Me their heart after I please them with grapes and wine and riches and glory. Not so Ted. I come to the heart—their spirit—I **come to the seat of their authority**, where they recognize My authority and My reign, or they continue to be dominated by that realm.
13. I offer so much and Ted, the inner court is open, it is no longer shut off to the common man. The Holy of Holies is open Ted. Can I make it plainer? Can I, can I? The Holy of Holies is open yet so many play in the courtyard not even coming into My chambers and enjoying My grapes, My cheese, My delicacies, My wine, My words, My promises, My revelation, My Me—to understand Me and My ways and My design for them.
14. Consequently Ted, they play in the courtyard in their false assumptions of religion and precepts of busyness and money and status and operate in confusion because of the tug of the two worlds.
15. I offer life. I offer freedom. I offer My design to My creation to be global lighthouses of life and freedom to, and in, relationships of power and fulfillment, for Me, for My purposes.
16. How plain can I make this? How easier can I paint the picture of My chambers and the Holy of Holies being open to all who want to come in to Me and know Me?

17. Ted, this is a new day. I am doing a new thing. And Ted, you're right, this is it. This is it. This is a great part of what must be understood deeply by all who want to participate in the life of fullness and fulfillment that I am trying to give them. I've given it to them already, actually, but they have not come to possess it. And possess it they must, and to possess it they must fight for it. For battles rage and battles increase and Ted, that's why **I'm calling for intimacy** with My people beyond any permitted in history.

18. Today is the day. The dispensation has started. We are in new times. This is a new season, a new day, and Ted, the last days. If anyone questions if we're in the last days, tell them yes. But they must come to Me to let them know what that means for them, and how to respond and come to Me as I want them to come.

19. I come and I call and I will speak individually and tenderly and directly to all of My people Ted. I say it over and over and over, just like I'm talking to you now, as you sit and write My words, page after page, and more specific will I get with you and with them as you and they mature and time is right.

20. I come, I call, I speak. Enter into My provision for true life to come alive in your present, in your now, so great and global relationships can be established and you can think more like Me, and not be so little in your little world.

21. Come alive in Me. Let Me clearly clarify My calling and My confirmations to you—all of you—who will seek Me for who I am, and I will, I will, I will clearly clarify My callings and gifts and expand and explode and shatter some things held dear and build on places laid bare.

22. I build. I move. I act and I am in action moving and declaring forth in perfect detail the intimacy that I offer those who want to live a life of fulfillment and freedom, and not a life of dictates and mandates from freedom-robbers.

23. Freedom, freedom, freedom.

24. Freedom to know Me, know Me Ted. Freedom for all to know Me and not robed ones or elevated ones on stages of prominence. Ted all, all can know Me in intimate power and clarity of call in never before allowed measure, where I beckoned so, to My table, to My chambers, to the Holy of Holies, with nothing reserved, not available to anyone.

25. This is the description in clear detail of what I am doing. So many changes, so many ramifications and substantive significant changes come because of this, and in this, and through this.

26. I am doing this. I am liberating the common man and woman and boy and girl who will embrace this truth from My heart to this pen and ink on pages this 18th day of June, 2003.

27. Declare it forth and proclaim it in every square, every township—every billboard, that I am, I am now, Freedom is here—and all My clearly stated sentences and paragraphs that communicate My heart and invitation and request this day.

28. I love you. I love them. Bring many to My table and I will be so glad, so glad, so glad. Their gifts come alive as their life comes alive. Oh Ted, many wonderful souls, My creation, My family, My sons and daughters of the Most High.

29. Thank you. Thank you. Thank you.

I bless you. I bless you. I bless you.

Thank you.
